

POPFULL website

List of POPFULL personnel

The following scientists and technicians were directly involved in the POPFULL research grant during the period of 2009-2014. They were either employed on the ERC grant or were supported/funded by additional, external funding sources. They are listed in alphabetical order. Meanwhile several of the POPFULL members have left the University of Antwerp for a new position or have returned to their home country for a next step in their career. Reinhart Ceulemans was the Principal Investigator and led the POPFULL research team.
