Our (very modest) Outreach Proposals on Viral Hepatitis in Africa – in evaluation

- Mother-to-child transmission of HBV in Guinea-Bissau
- Vertical transmission of HBV in Ethiopia
- Occult HBV and intrafamilial transmission of HBV in hyperendemic areas of Ethiopia
- **Currently looking for funding opportunities**

How can we help?

- Information/dissemination activities.
- Identify National contact professionals beyond conventional National institutional structures (PHIs).
- Bridging contacts with National Scientific Societies.
- Helping in developing/expanding outreach programs (i.e. Africa, South America –*potential collaboration with PASCV-*, etc.).
- Opened to ideas/proposals.
